## REPLICABILITY — every drawing is generated from a single

parametric source (``drawings/dimensions.yaml``). To revise any dimension: edit the YAML, re-run ``python3 drawings/src/render_all.py``, and a fresh PDF + PNG set is produced. Source files are kept in the repository for full version control.

STATUS — FOR PLANNING (DRAFT). Several dimensions are marked 'TBC' in the YAML pending Grahame's site re-measure (see ``dimension_questions.md``). Items flagged TBC are clearly noted on the drawings where they appear.
